Very fun Rampage style game. The controls are Climbey-style, and work well, and the performance is good. There's a story mode, and the multiplayer is also very fun. Works well on Oculus Rift. Also, you can jump off a building, grab a helicopter out of midair, and throw it into your buddy's face while you're freefalling. That alone was worth the price.. Fun game. Controls take a few minutes to get used to, but very good tutorial to start the game. Really good VR experience. Showcases the possibilities

and fun to climb around a city throwing cars and destroying buildings. 4.5 out of 5 stars.. game is fun but could use some vibrations and sound effects could make a huge difference. wanted to play coop with friend but didn't work in coop..
